EDUCATIONAL FEE WAIVER APPLICATION INSTRUCTIONS

The following information has been taken directly from National Park Service regulations (NPS-22). This is the guideline to be followed in granting educational fee waivers. In order to qualify for a waiver, your application package must contain all of the following. **Please read carefully.**

1. Current official documentation of recognition of affiliation as an educational institution by a Federal, State, or local government entity, or other documentation attesting to educational status (such as an: accreditation letter or an educational tax exempt letter). It is insufficient to imply this on official letterhead. Your fee waiver cannot be processed without submission of this documentation.

2. An explanation of what the educational purpose entails and how it is related to Park resources is required. There must be a direct relationship between the visit and the park resources. The visit must be to study an aspect or resource that is specific to Dinosaur National Monument. To state that the visit is for “educational purposes” is insufficient by itself. (Course outlines, lesson plans, or a copy of the curriculum meets this requirement.)

3. The applicant must be providing educational credit hours based on a specific course of instruction to group participants. This requirement can be met:

- For grades K - 12: by providing an outline of the student work.
- For college courses: by providing the course number, description and/or a copy of the catalog description.
- Please mail or fax applications and all of the required documentation to:
